

Become a Team Envision Corporate Partner for Envision Unlimited Summer of Cycling 2024

Pedaling toward a better world for people with disabilities with our Adaptive Cycling Program.

This summer, we're offering a variety of cycling experiences catering to riders of all abilities, featuring equipment demos and diverse participation options. Our initiative is dedicated to creating new opportunities for individuals with disabilities, empowering them to enjoy greater mobility, independence, and community engagement. Explore more about our Summer of Cycling.

Over the past five years, our Adaptive Cycling program has evolved significantly. It started with a few donated tandem bikes for our members, * and today, it boasts a team of over 100 cyclists and volunteers. These enthusiasts ride with or alongside individuals with disabilities, sharing their passion and knowledge about the joy of cycling. Our avid riders now benefit from a diverse fleet, including traditional 2-wheel bikes, tandems, Duet bikes (with a wheelchair in front of the tandem pilot), a recumbent bike, and tricycles.

Learn more about the Summer of Cycling [here](#).
